

Dear RSD Competition Dance Team Families,

Miss Erin has begun handing out Competition Team costumes. We have not received all costumes to date so please be patient with us. Your child will receive their costume as they arrive and are sorted. We ask that if your costume does not already come in a costume bag that you take it out and hang it up to get some of the wrinkles out. You can use a steamer on your costumes or place them in your bathrooms during showers to get the wrinkles out. Please do not place your costumes in the washer or dryer. Please have your child try on their costumes at home **immediately** to double check the size is correct. If any costumes need to be exchanged, we will need to take care of that as soon as possible. Please contact Miss Erin via our richieschoolofdance@gmail.com email to make arrangements with her regarding this. Also please check that all accessories, ie. headpieces are with your child's costume. Please refer to your costume description that was sent to you regarding pricing earlier in the year. If you have any missing accessories please also let Miss Erin know as she can contact the costume company and have these replaced. If you have any further questions, please contact us via our email address or in person at the studio.

Thank You,

Miss Angie
Artistic Director
