

Dear RSD Families,

Miss Erin will begin handing out competition costumes this week. We have not received all costumes to date, so please be patient with us. Your child will receive their costume as they arrive and are sorted. We ask that if your costume does not already come in a costume bag that you take it out and hang it up to get some of the wrinkles out. You can use a steamer on your costumes or place them in your bathrooms during showers to get the wrinkles out. Please do not place your costumes in the washer or dryer.

Please have your child try on their costumes at home **immediately** to double check that the size is correct. If any costumes need to be exchanged, we will need to take care of that as soon as possible, as we only have a small window to do exchanges this year. Please contact Miss Erin at erinhenderson1978@comcast.net to make arrangements with her regarding any problems. Also please check that all accessories, ie. Headpieces, are with your child's costume. Please refer to the costume description that was sent to you regarding pricing earlier in the year. If you no longer have that email, feel free to email Miss Erin directly. If you have any missing accessories, please also let Miss Erin know as she can contact the costume company and have these replaced.

If you have any further questions, please contact us via email or in person at the Studio.

Thank You,

Miss Angie
